## American Government Amazed by Loss of Life on the Steamship Ancona.

Formidable. Cult. Navifrage.

### RUSSIANS PREPARING FOR A FIVE YEARS' WAR, REORGANIZING ARMY.

[BY ATLANTIC CABLE AND A. P.] (30)

LONDON, Nov. 10 (3:11 a.m.)—"The reorganization and extensive changes are being introduced in the Russian army," the Morning Post's Petrograd correspondent, "plainly indicate the Russians contemplate a long struggle. They are making preparations for a war lasting five years more."

"These preparations are not being made solely against the Germans. The Russians believe the Germans are expending their last resources in an endeavor to stir up the whole of the Musselman Orient and Russia probably foresees the necessity for increased strength with which to clear up the formidable struggle which the Germans even after their defeat will leave as a heritage behind them."

### ADVANCE OF THE ALLIES.

[BY ATLANTIC CABLE AND A. P.] (30)

SALONIKA, Nov. 9 (via Paris, 6:50 a.m.)—"The Anglo-American advance on Strumitsa from the south is proceeding slowly. The British blood was spilled Saturday."

The Bulgarians continue their costly but fruitless attacks against the French who held an entrenched position at Krivolak.

The French left wing stormed a Bulgarian artillery position on a height, 4000 feet in altitude, nullifying the Bulgarian effort to Babuna defile. The French then formed a junction with the 1st Flares, completing an unbroken line from Perlepe, Gradsko, Krivolak to Dorolobo on the Bulgarian frontier.

A second Bulgarian expedition ascending the Treska Valley and along road to Ustup was checked and thrown back Saturday.

### UNMASK GERMAN CONSPIRACY.

[BY ATLANTIC CABLE AND A. P.] (30)

LONDON, Nov. 10 (5:55 a.m.)—A dispatch to the Times from Cape Town asserts that Henry Burton, Minister of Railways of the Cape of Good Hope, declared in a speech at Natal that huge quantities of munition had been discovered hidden in Damaraland, Southwest Africa. The Minister said there was sufficient ammunition to equip sixty thousand men and that the Germans had planned to overthrow the government of the Union of South Africa and the aid of a rebellion.

### WOULD LEAD MARCH TO BERLIN.

[BY A. P. NIGHT WIRE.] (30)

TORONTO, Nov. 9.—At a recruiting meeting held tonight under the auspices of the Empire Club, Gen. Sir Samuel Hughes, Minister of Militia, announced that he proposed to take an active part in the march to Berlin and that when the big drive for German territory started and so far as his present plans are, to lead the Canadian army on their march to Berlin, which would start sooner than was at first dreamed of.

### TO DEMOBILIZE GREEK ARMY.

[BY ATLANTIC CABLE AND A. P.] (30)

ROME, Nov. 9 (via Paris, Nov. 10, 5:15 a.m.)—A decree ordering the demobilization of the Greek army soon will be issued, according to an Athens dispatch to the Giornale d'Italia, which says 100,000 men will be kept under arms.

### CATHOLICS IN MEXICO ANSWER CARRANZA.

[BY A. P. NIGHT WIRE.] (30)

SAN ANTONIO, (Tex.) Nov. 9.—The Mexican Catholic hierarchy in Mexico, in convention assembled, issued a statement in which they declared they believed in Carranza's answer to the statement of Don Venustiano Carranza and outlined their attitude toward his native country.

The statement was signed by Joseph R. Rio, Archbishop of Mexico, and six bishops.

The statement said in part: "We are long to work among our people in behalf of the great task of assuaging the misfortunes of our country and of co-operating through our apostolic ministry for the cementing of national peace and prosperity."

"We can assert that we never contributed either by our sermons or by our writing either secretly or publicly and far less financially, to overthrow Francisco Madero's government."

"Our behavior toward Gen. Huerta's government cannot be blamed as criminal or delinquent because it was merely passive attitude, avoiding any interference in political affairs."

"The statement that we contributed \$11,000,000 to a new uprising is totally absurd."

### HEADS RED CROSS TO COMBINE ALL RELIEF.

[BY A. P. NIGHT WIRE.] (30)

NEW YORK, Nov. 9.—A move to combine all relief societies in this country since the outbreak of the European war and to obtain for the Red Cross and to obtain for the Red Cross a permanent endowment was started today at the home of Mrs. E. H. Harriman.

Among those who urged the plan were Joseph H. Choate, former Ambassador to Great Britain, who presided; former President Taft, Miss Anne Morgan, Mrs. Leonard Wood, Mrs. E. H. Harriman, Jacob H. Schiff and Miss Mabel T. Boardman of the Red Cross Executive Committee. Union (Continued on Third Page.)

### DRAW LOTS FOR WIVES.

"Free Love" Revels Described.

"House of David" Followers Married Promiscuously to Comply with Law.

"King Benjamin's" Practices Exposed in a Courtroom in Michigan.

"Flaming Sword" Alleged to Have Power to Draw Women to Him.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ST. JOSEPH (Mich.) Nov. 9.—Mrs. Augusta Holliday told from the witness stand today how "King Benjamin" Purnell, of the Israelite House of David at Benton Harbor, solved the problem when the law threatened to imprison him and his followers in the cult for promiscuous life with unmarried women and girls, who also were taken freely into the house.

He had them marry each other. It didn't matter who married whom just so the law was complied with. "King Ben" saw to that.

When stories were spread of the "revels" and "free love" practices within the "House of David," which is located near here, Mrs. Holliday said the "king" called his followers before him and directed the unmarried girls and men to write upon slips of paper the names of the persons whom they desired to wed. Then there was a mix-up over the slips; few, if any, drew as a mate the man or woman they desired, Mrs. Holliday testified. She said she protested so violently over the man she drew that the "king" gave her a second choice.

The second choice was Allan Holliday, whom she married. It was her suit for divorce that caused the present action. In suing Holliday, she filed an affidavit telling in sensational detail of the revels of the "king" and how he had so arranged his ceremonies that by removing the "flaming sword" he could bring to his feet any woman in the colony whenever his fancy dictated.

SUING FOR SLANDER.

Mrs. Holliday is suing Coy Purnell, son of "King Ben," for \$25,000 damages for alleged slander. Coy Purnell wrote an open letter to a St. Joseph newspaper defending the "king" and the "House of David." He accused Mrs. Holliday and her sister, Lena McFarlane, who had also sued for "lottery-drawn" husband, Ernest McFarlane, for divorce, of perjury and of "certain unmaidenly conduct."

Coy, who, it was stated in court today, is not a member of the cult, languished in jail six weeks until bondsmen were found for him. Then the slander suits were filed.

Attorney James O'Hara, counsel for Coy Purnell, subjected Mrs. Holliday to a severe grilling today. She denied that her relations with her husband were any other than just "strictly friendly." As to the "king," she testified: "We abided by the law of the colony."

Attorney O'Hara read from a letter which Mrs. Holliday had written to her husband as follows: "Allan: I have never been the same since our marriage. It is as if it is in the heart it is a sin even though it is not in the body," replied Mrs. Holliday in explaining this sentence from her letter.

Ernest McFarlane, husband of Mrs. Holliday's sister, denied on the stand that there was anything in the "House of David" cult to prevent proper living of irregularity in the marriage ceremony in 1916, were legally married and the husband, therefore, could not testify against Mrs. Holliday. She said she protested so violently over the man she drew that the "king" gave her a second choice.

The court was filled with long-haired members of the cult who felt the fate of their community might hinge on the results of the trial. Among those present was "Queen Mary," wife of "King Benjamin." She sat throughout the morning proceedings, evincing deep interest. It was reported that she would be a witness later today. The "king" did not appear in court during the morning.

### CHICKENS FOR JAPS.

Pittsburgh Man Furnishes the Fowls for Coronation Banquet.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

PITTSBURGH, Nov. 9.—On the expressed wish of Emperor Yoshihito of Japan, Joseph Hilder, prominent business man and famous breeder of Black Minorca chickens, some weeks ago shipped seventy-two crates of his birds to Tokio for use at the coronation banquet. Hilder today received a check from the Japanese Imperial Treasurer in payment for the fowls.

Attorney James O'Hara, counsel for Coy Purnell, subjected Mrs. Holliday to a severe grilling today. She denied that her relations with her husband were any other than just "strictly friendly." As to the "king," she testified: "We abided by the law of the colony."

Attorney O'Hara read from a letter which Mrs. Holliday had written to her husband as follows: "Allan: I have never been the same since our marriage. It is as if it is in the heart it is a sin even though it is not in the body," replied Mrs. Holliday in explaining this sentence from her letter.

Ernest McFarlane, husband of Mrs. Holliday's sister, denied on the stand that there was anything in the "House of David" cult to prevent proper living of irregularity in the marriage ceremony in 1916, were legally married and the husband, therefore, could not testify against Mrs. Holliday. She said she protested so violently over the man she drew that the "king" gave her a second choice.

The court was filled with long-haired members of the cult who felt the fate of their community might hinge on the results of the trial. Among those present was "Queen Mary," wife of "King Benjamin." She sat throughout the morning proceedings, evincing deep interest. It was reported that she would be a witness later today. The "king" did not appear in court during the morning.

### OVER TWO HUNDRED SURVIVORS LANDED FROM THE ROMAN SHIP.

Bitter Controversy with Vienna is Foreshadowed, According to Opinion of Washington Officials.

"Unnecessary Crime" and "Willful Murder" are Phrases Employed by a Representative of Owners in New York in Characterizing Latest Maritime Disaster Due to War.

Washington Awaits Report from Ambassador in Italy.

[BY ATLANTIC CABLE AND A. P.]

ROME (via Paris) Nov. 9, 11 p.m.—The Italian liner Ancona has been sunk by a large submarine flying the Austrian colors. She carried 422 passengers and 160 in the crew. Two hundred and seventy survivors, some of them wounded, have been landed at Bizerta.

[BY A. P. NIGHT WIRE.]

NEW YORK, Nov. 9.—The Ancona sailed from New York for Naples on October 17. She had on board 1245 Italian reservists and a general cargo. She arrived at Naples on October 29 and was due to sail from Naples for New York today (November 9.)

The Ancona was built at Belfast in 1908. She had a gross tonnage of 8210, was 482 feet in length and 58 feet beam.

For several months before Italy's entrance into the war, the Ancona was engaged in carrying home Italian reservists from this country and supplies for the Italian government. On one of her trips from New York to Naples late in August last year, the Ancona was stopped by the British at Gibraltar, and twenty-four Germans and one Austrian were taken off the ship. Late last summer the Ancona left here for Italy with 75,000 bushels of wheat, 2000 tons of hay and 500 horses for the Italian government. On the same voyage she carried 300 Italians in the steerage who went back because it was said at the time they could not get work in the New York subway.

When the Ancona left New York on her last voyage, October 17, she was in command of Capt. Pietro Massardo.

All of her officers, engine-room force and members of the crew were aliens who shipped from Italy. William Hartfield, general manager of the Italian line, tonight characterized the sinking of the Ancona as "an unnecessary crime" and "absolute murder." He immediately cabled the Naples office of his firm asking for all information regarding the disaster.

Although he had no list of her passengers, Mr. Hartfield said the Ancona on her last few voyages to this country had carried 300 to 400 passengers, among them a number of American citizens in the first cabin and in the steerage. Most of her passenger list, Mr. Hartfield said, had been made up of women and children. He believed she carried a large number of women and children on her present voyage.

The Ancona, he added, carried a crew of 160 men. At no time, said Mr. Hartfield, did the Ancona carry guns or munitions of war because it was against the rules of the company to carry war munitions on the same vessels with passengers.

The Ancona has been in the Italian line service for six years and with her cargo was valued at more than \$1,000,000.

The Ancona played a prominent part in the rescue of passengers from the burning Fabre liner Sant'Anna in mid-Atlantic last September 12. She came to the Sant'Anna's aid and took off more than 600 passengers. The Sant'Anna carried more than 2000 passengers but succeeded in checking the fire and proceeded to the Azores without further assistance from the Ancona.

### NEW CONTROVERSY EXPECTED IF SUNK WITHOUT WARNING.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Nov. 9.—News of the sinking of the Ancona caused a sensation here tonight, as it was regarded as foreshadowing a new controversy between the United States and Austria similar to the critical dispute with Germany that followed the torpedoing of the Lusitania. Before making any comment, however, officials awaited information on two points—whether the vessel was torpedoed without warning, and whether any Americans were among the victims.

Should it develop that the Ancona was warned and ignored it and attempted to escape, the rule of naval warfare, according to the Washington government's view, justified the use of force. If she was attacked without warning and a case paralleling the Lusitania develops, the attitude of the United States probably will be along the lines already followed with Germany—the dispatch of a note demanding disavowal of the act, reparation and assurances that such incidents will not occur in the future.

OFFICIALS IN DOUBT.

Officially, Austria has never given the United States notice that she regarded the waters of the Mediterranean surrounding Italy as blockaded, or that her submarines would torpedo merchantmen without warning. This fact raises in the minds of some officials the point as to how far the negotiations and the exchange of notes between the United States and Germany morally bound the Teutonic allies. It was recalled tonight that Dr. Dumba, then the Austro-Hungarian Ambassador here, participated in some of the informal conversations with Secretary Bryan subsequent to the sinking of the Lusitania, and became thoroughly familiar with the American position. Just how far such notification as Ambassador Dumba may have given his Foreign Office on the negotiations between the United States and Germany may affect the present situation is conjectural.

In its negotiations thus far with the belligerents the American government has dealt principally with Great Britain for the Entente nations and with Germany, in regard to some matters at least, for the Teutonic allies.

Should later dispatches indicate that the Ancona was torpedoed without warning, and that Americans aboard her lost their lives, the first step would be a note of inquiry to Ambassador Penfield at Vienna to learn the facts from the Austrian government. Ambassadors Fays at Rome also would be similarly directed to send such information as he could obtain from Italy, and affidavits from the survivors of the circumstances under which the vessel was sunk. Probably no formal action would be taken pending receipt of this data.

### LIGHT ON KITCHENER'S MISSION IN A BRITISH POSTAL ORDER.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Nov. 9.—A di Gawah! published by Yugantar Ashram, San Francisco, whatever may be the language in which the pamphlet referred to may be printed. "Under these circumstances it will be necessary for this office to decide to accept for mailing to British India copies of the pamphlet referred to."

Bryan's book, an arraignment of the British government of India, is based on personal investigations made during his tour around the world several years ago. Bryan charges that the British with the aid of native princes have been exploiting the people to the extent of driving countless numbers of Hindus into famine every year.

It is said the British government of India requested the United States government not to accept the pamphlets in any language for mailing into India, attributing recent revolts of Hindus against British rule in part to these pamphlets.

Postmaster Fay said today that he had no official information that the Hindu pamphlet had any connection whatever with Mr. Bryan's book.

"The order of prohibition came from Washington," said Mr. Fay, "and was acted upon in the usual routine of postoffice business."

IN THE DARK.

WASHINGTON, Nov. 9.—No report had been received at the Postoffice Department tonight on the action of Postmaster Fay at San Francisco in barring from mails to India the pamphlet "Angan di Gawah!" and officials said there had been no notice to the department of an order on the subject by the Indian government. It was suggested that the San Francisco office probably acted on information from the British Consulate there. It is usual for the postal authorities to decline to accept for forwarding any mail matter which it is known will (Continued on Second Page.)

### ITALIAN SHIP ON FIRE IS ABANDONED AT SEA.

[BY A. P. NIGHT WIRE.] (30)

REPORT IN TEXAS.

[BY A. P. NIGHT WIRE.]

PORT ARTHUR (Tex.) Nov. 9.—While no word had been received here tonight from the steamer reported burning at sea, it was suggested by persons in touch with local maritime affairs that possibly she was the steamer Levieta, which sailed from here for Genoa at the same time the Gulfstream departed for Bayonne. The Levieta was listed as a steamer of 1709 tons and sailed for Genoa.

ALVESTON (Tex.) Nov. 9.—An Italian ship, loaded with case oil from Port Arthur, Tex., for Italian ports, is on fire at sea, sixty-five miles east of Sabine Pass and has been abandoned, according to wireless advices received here today from the steamer Gulfstream, which is standing by. The crew of the burning vessel has been taken off by the tug Russell. The fire was reported in No. 3 hold, and the name of the ship was not given.

Nov. 9.—William Allen, who invented the method of computing standard rail-  
road rates, is dead.

... of a sick, sour, upset stomach  
... the day or at night. It's the  
... keast, surest and most harmless  
... each regulator in the world,

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
SAN FRANCISCO BUREAU OF THE TIMES, Nov. 9.—Although the rainfall of the past two days over Northern California ranges from only a half to one inch in depth, it has softened up the soil so the farmers

can do their fall work to good advantage. And the rain there is much needed for the agricultural districts.

It has put a stop to the harvest, but even the most impatient grower admits there have been seasons when everything in the weather line worked in his favor. The storm has passed the Sierras or into the coast range for the present, and the weather for the districts south of the Sierras and the Sacramento and San Joaquin valleys. Today and tomorrow the rain will be generally from the British Columbia coast, the great valleys of Mexico, the great valleys of the rain, a beautiful shower of downpour.

FALL AT MODERATE.  
(BY A. P. WIRE.)  
MODERATE, Nov. 9.—The which started Monday, but the intervals today, making a .04 of an inch. Reports from the rain fall to generally in precipitation.

### Wetting.

## MORE SHOWERS PREDICTED DRY SEASON IS ENDED

SOUTHERN CALIFORNIA got yesterday its second wetting of the season, a light rain that fell in the early morning in Los Angeles and near-by points, and that continued all day and bade fair to keep on through the night in other localities.

Mountains south of the Tehachapi and even the foothills north of the barrier received a mantle of snow. In Big Bear Valley the snow was two inches deep, while near Fresno it was five inches and more. Rain in the San Joaquin Valley ended a dry season of unprecedented length.

Threatening weather, possibly with showers, is predicted for Southern California today.

Snow on Mt. Wilson.  
(LOCAL CORRESPONDENCE.)  
PASADENA, Nov. 9.—The first snow of the season fell on Mt. Wilson yesterday. In the morning flurries of snow alternated with the rain, and the snow did not remain on the ground, but melted in most places as soon as

it fell, although the white cover seen all day on parts of the mountain.

### Mercury Drops.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
PASADENA, Nov. 9.—There are several kinds of weather in the forecast today, a heavy snow in the mountains and some sunshine in the valleys. The temperature is predicted to be in the 40s and 50s, with a high of 60 and a low of 40.

In the Sierra Nevada.  
(BY A. P. WIRE.)  
FRESNO, Nov. 9.—Five inches of snow had fallen up to noon on the Cascades, terminal of the San Joaquin and Eastern Railroad, in the mountains of Fresno county, according to reports received here this morning.

Nine inches of snow was reported from Huntington Lake 7000 feet above sea level. This is the first snow of the season in the Sierras. The city, shortly after noon, broke the record dry season of 1914.

## DELAYS RETURN TO MONARCHY

CHINA DECIDES TO MAKE CHANGE UNTIL AFTER THE WAR.

(BY PACIFIC CABLE.)  
PEKING, Nov. 9.—The Press was authorized today to say that the Chinese government had decided no change would be made in the form of government of the country.

Election returns given yesterday make it certain that the present re-establish a monarchical form of government has been adopted. The returns show that eighteen of twenty-two provinces already given solid support to the present election will be completed, but the election of the monarchy will be postponed.

### NO TROUBLE FROM JAPAN.

(BY PACIFIC CABLE.)  
KIOTO (Japan) Nov. 9.—The Japanese government has decided to postpone the election of a monarch until after the European war.

According to a report from Kioto, which is believed to be reliable, President Yuan Shi Kai has decided to postpone the election of a monarch until after the European war.

### ENGLAND TO USE WHEAT SHIPS.

(BY ATLANTIC CABLE AND A. P. WIRE.)  
LONDON, Nov. 9.—The British government has decided to react to the action which British ships carrying wheat to ports in the United States to be exempt from requisitioning by the Admiralty, which would compel them to start another voyage to the North Atlantic.

It is also understood that the government has abandoned the idea of the establishment of a British wheat board to license foreign ports.

### The International Excursion.

soon close. Join the International Excursion leaving on November 18. Assemble at the city officials and take part in the events scheduled for "Angels Day." A big unusual feature and a time is promised. The ticket, including all accommodations for the day tour, is \$12.50. For the full particulars, write to the Los Angeles Times Excursion Department.

# Christmas is a real Christmas with a Victrola in the home.

Tell Santa Claus Which

one of the most beautiful places  
in California. High terraced command  
a beautiful tropical garden with

[illegible][illegible][illegible][illegible][illegible][illegible][illegible]

Los Angeles Daily Times.

[illegible][illegible][illegible][illegible][illegible][illegible][illegible]

A dark, vertical, textured strip, possibly a book binding or a piece of fabric, with a small, dark, star-shaped mark near the top. The texture is grainy and uneven, with some lighter and darker areas. The star-shaped mark is a small, dark, five-pointed star or asterisk-like shape. The overall appearance is that of a close-up of a physical object, possibly a book cover or a piece of old paper or fabric.

## THINGS ON WHEELS

ALL Motors  
Automatic

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

#### Mission Work Anniversary.

The twenty-ninth anniversary of mission work in Los Angeles will be observed at Peralta Hall tomorrow at 11 a.m. and 2:30 p.m.

#### Many Visitors Left.

Evidence that there are still many visitors in the city was furnished yesterday by an attendance of 1000 persons at the various Chamber of Commerce lectures.

#### Fellowship Dinner.

The Woman's Auxiliary of the Pico Heights Congregational Church will serve a dinner tomorrow evening. After dinner speeches by Rev. George Kengott, D.D., and Rev. E. H. Williams, D.D., and several musical numbers will be given.

#### Final Birth Officers Here.

Grand President Wolfe and Grand Secretary Aschheim of the Independent Order of B'nai B'rith, district No. 4, are in the city on their official visit to the Los Angeles lodge. They attended a meeting of the latter at No. 711 West Seventeenth street, last evening. They are at the Alexandria.

#### Playground Theatricals.

A three-act drama entitled "Thompson's Hired Man" will be given at the Slauson playground hall Saturday evening under the management of Viola Van Order, with the following cast: Mr. J. Marlow, W. W. Brady, Charles Chamberlain, Mrs. Van Order, Quinn Brady and the Misses Elsie Marlow and Elizabeth Gould. Admission free.

#### Utah Society Meetings.

The Potter Sisters, Genevieve Potter Case and Dolly Potter Epps, vandeville entertainers, will supply the programme at the Utah State Society meeting in the Times assembly rooms Friday evening. The sisters are capable artists and a good crowd is expected. There will be cards, dancing and refreshments afterward.

#### PRETTY HAT IS

### LURE TO THEFT.

#### TEMPTATION TOO STRONG FOR YOUNG WOMAN; SHE STEALS, GOES TO JAIL.

A pretty little hat, a creation trimmed with black feathers and two large black wings, which up to yesterday afternoon formed part of the window display of the Geel's Millinery shop, No. 1224 West Seventh street, last night landed Mrs. Grace Parker, 31 years of age, in the City Jail on a charge of petty larceny.

Detectives Browning and Bowe arrested her as she tripped lightly-headed into her apartment at No. 720 Golden avenue, early last night wearing the hat.

For days the little black hat was the desire of Mrs. Parker's heart. Each day as she passed the shop on her way downtown she gazed at it. Once or twice she entered the little shop, but having no money could only call for the hat and handle it lovingly. She was unable to be the thought that some one might purchase it while she was away. At last she made up her mind and putting on her own much-worn hat yesterday afternoon, hurried to the store. She asked for the hat. Mrs. Mary Geel, the milliner, took the hat from the window and Mrs. Parker placed it on her head. Never before had Mrs. Parker had such a hat on her head. She could not give it up, but she did not have half of the \$9.50, the price of the hat, in her pocket.

The cunning little plan flashed through Mrs. Parker's brain. Turning to Mrs. Geel, she asked, "Can you change this trimming to white?" Mrs. Geel walked to the rear of the store to ask the hat trimmer. When the owner of the little shop was out of sight, Mrs. Parker took one last look into the mirror, picked up her hat and, with the new one on her head walked from the shop. Notified by Mrs. Geel, Detectives Browning and Bowe started on the trail of the missing hat. They went to an apartment-house on Golden avenue, but Mrs. Parker was not in. Then just as the policemen were leaving the house, Mrs. Parker with the stolen hat on her head entered the front door. They arrested her and took her back to the millinery store. Mrs. Geel identified the woman and also the hat. Mrs. Parker was taken away to jail.

#### WANT A NEW NAME.

WHITTIER, Nov. 9.—A petition in support of the Whittier Chamber of Commerce, Board of Trade, and signed by nearly 200 business and professional men of this city, was filed with the Board of Supervisors today, asking that the name of the township in which Whittier is located be changed from Los Nietos to Whittier. It is expected there will be considerable opposition.

## BURGLARS TAKE ONLY TROUSSEAU.

### JEWELRY AND SILVERWARE ARE MISSED IN RANSACKING NEWLYWEDS' HOME.

It was either women burglars or burglars with feminine eyes and judgment who last night broke into the home of Mr. and Mrs. L. O. Lieber, newlyweds, at No. 4647 Mesa drive.

While there was thousands of dollars' worth of silver and jewelry in sight, the burglars, who ransacked the entire house, took only the bridal trousseau and lingerie.

Into drawers, closets and cedar chest the burglars ried and let not an article of feminine wearing apparel of value. The goods taken is valued by Mrs. Lieber at \$1200.

Entrance was effected through a side window.

Mr. Lieber is an electrician for the Los Angeles Railway.

### PERSONALS.

Mayor M. W. Priester of El Cajon is a guest at the Alexandria.

Mr. and Mrs. Allen J. Jaynes of Tucson arrived at the Alexandria yesterday for a stay of several days. Mr. Jaynes is a retired druggist.

Fred A. Carrick arrived at the Alexandria yesterday from San Francisco. He is an automobile dealer.

L. Martinez of San Diego, a stockholder in several steamship companies, is a guest at the Hayward.

W. L. Huggins of San Francisco is a guest at the Alexandria. Mr. Huggins is the Pacific Coast distributor of the Kluge-Kar agency, and is here on business.

R. H. Benton, ranchman and cattleman from Imperial Valley, is a guest at the Clark.

W. A. Clements arrived at the Holmbeck last night from San Francisco. He is a Syracuse (N. Y.) merchant and on a pleasure tour.

Among the easterners who arrived at the Alexandria yesterday was an auto party from Newark, including F. W. Simon, Mrs. L. T. Simon and daughter, Miss Margaret, and Victor P. L. Hoyt and wife of Lynn, Mass.

Among the tourists who arrived from San Francisco yesterday are Mr. and Mrs. R. R. Coddington. Mr. Coddington is a hydraulic engineer employed at Niagara Falls. The tourists will go to San Diego, the latter part of the week.

L. A. Nares and wife of Fresno, accompanied by Mrs. N. Blackburn, arrived yesterday and are at the Alexandria. Mr. Nares is reputed to be one of the largest land owners near Fresno, and is engaged in various enterprises.

I. D. Hale, a wealthy ranchman from Rocky Ford, Colo., is a guest at the Hayward. He is making a tour of the Coast.

President Bovard of the University of Southern California, will leave today for New York to attend the university senate of the Methodist Episcopal church, a gathering of representatives of all the American educational institutions in which the church is interested.

Mrs. William G. Hires and daughter, Miss Dorothy, are touring the West in a leisurely manner, stopping at the principal cities and passing several days at each point of interest. The tourists are from Philadelphia, and are the wife and daughter of a root beer magnate. They are at the Clark.

Among the interesting guests at the Clark is Tom W. White of Chicago. Mr. White has traveled extensively in Mexico and Latin America and has had many interesting experiences. He is well informed upon Mexican affairs. He is somewhat doubtful of the immediate pacification of the rebels. Mr. White is connected with the Santa Fe and is here on business.

## THIRTEENTH IS STILL LACKING.

**Complete Juror in Dynamite Case Hard to Get.**

**Peremptories Left, so it will not Take Long.**

**to Open for the State Immediately After.**

The thirteenth juror in the case of M. A. Schmidt, charged with the dynamiting of the original Times building, has not yet been selected. The court has used all its peremptories and the jury will be called tomorrow. The case is expected to open for the state immediately after the jury is sworn.

## FORCE SUITS FILED.

Force suits were filed today in the superior court against several individuals. The suits are for damages and are expected to be tried in the near future.

## DEATHS.

Deaths were reported today from several causes. The most notable was the death of a young man who had been ill for some time.

## WEIRD IN HER FIRE WORSHIP.

**Composes Love Verse Amid Leaping Flames.**

**Alienist may be Called to Determine Sanity.**

**Skilful Accomplice in Plot, Says Police Chief.**

Pyromania. The case of a woman who set fire to the original Times building is being reviewed. The woman, who is believed to be a pyromaniac, has composed love verses while the flames were leaping. An alienist may be called to determine her sanity.

## HARBOR WORKER DEAD.

**Traffic Manager of Dock and Wharf Company Passes Away after Two-month Sickness.**

Henry Logan, traffic manager of the Outer Harbor Dock and Wharf Company, and one of the local business men whose activities were directed toward the present great development of the harbor, died yesterday afternoon in the California Hospital.

Mr. Logan was born forty years ago in Toronto, Can., and as a very young man was identified with many large steamship concerns of the East. Seven years ago he came to Los Angeles, and shortly after his arrival, married Miss Laura Solano of this city.

The widow and two children, Henry Logan, Jr., 5 years old, and Eleanor Logan, 3 years old, reside at No. 110 West Twenty-seventh street. His mother still resides in Toronto, where a brother and sister have their homes.

Mr. Logan was a member of the Los Angeles Athletic Club, and had many friends in that organization, and among the business men of Los Angeles generally.

Funeral services will be conducted at 10 o'clock this morning in the Breese mortuary.

## BISHOPS LAUD SOUTHLAND.

**Complete Labors of Their Third Convention.**

**Set "Self Denial" Week for War-spared America.**

**Will Attend Fourth Meeting in Oakland Today.**

## NOT MUCH TO SPEAK OF.

**Attorney Making Charges Against Capt. Hunter Admits His Membership is Scant.**

Charges reflecting upon the integrity of Capt. J. D. Hunter, head of the secret service department in the District Attorney's office were referred yesterday by the Board of Supervisors to the District Attorney for investigation.

If he does not report on them at the end of a week, according to the instance of Supervisor Norton yesterday, the board may hold a public hearing.

There are nine charges brought by the Law Enforcement League. In the main, incompetency and protection of blind pigs are charged. They were read by the attorney of the league yesterday. He was formerly Chief Deputy District Attorney. Chairman Pridham of the Supervisors refused to take the charges seriously until the identity of the league membership was made known.

The attorney reluctantly admitted that there is "no membership to speak of," but that the chairman is E. H. Marsh of Pomona, and the secretary is Miss T. Belle Watson.

## CITY ATTACKED BY SUBMARINE!

**Rapid-fire Guns Crackle on Downtown Streets.**

**But It's Only Papier-mache Long Beach Visitor.**

**Clubs Stir up Interest in Twin Harbor Day.**

Without the slightest warning a submarine made its appearance on Broadway shortly after noon yesterday and raced the full length of the principal streets of the city, indiscriminately bombarding everything in sight with its four rapid-fire guns. The crackle of the ordnance was startling in the extreme, and the devastating path of the undersea destroyer was marked by thousands who flocked to the curbs and office-building windows to see.

A papier mache affair half submerged in a home-made ocean of the same material, the whole mounted on an automobile which bore, in addition, forty-foot banners inscribed: "Los Angeles and Long Beach ad clubs invite you to celebrate twin harbor day at Long Beach Wednesday, November 24. Something doing every minute of the day."

In the interior of the monster were several men armed with revolvers of large caliber loaded with blank cartridges, which they exploded through the pasteboard cannon of the craft with terrifying and realistic effect. Following it came a covey of automobiles carrying the members of the Long Beach Ad Club and more banners, such as "Long Beach 100,000 and a submarine base in 1920!" "Let's get together and make it one big harbor!"

To martial music from the Long Beach municipal band, the flotilla moved unobstructed through the quiet waters of Broadway to the Times Building, then around to the Hotel Clark, where the sailors from the sea-side city were entertained by the Los Angeles Advertising Club.

"Uncle Sam has extended the glad hand, with three submarines as a starter," said Mayor Lisenby of Long Beach. "The landing of this submarine contract was a great achievement for Southern California, and we invite you to help us celebrate."

Last prospective celebrators from Los Angeles might find themselves confused by some seaborne mist. Mayor Lisenby brought along a five-foot key to the gate of his town, which he

(Continued on Second Page.)

Ten members of the jury which will try M. A. Schmidt, On a murder charge growing out of the dynamiting of the original Times Building. Reading from left to right, bottom row, Edwin H. Miller, W. W. Imbler, George L. Louden, Joseph E. Moore, W. J. Hawkins. Top row, C. D. Daniels, J. R. Hunter, Frank D. Pease, H. H. Hayward, Charles J. West. The two missing jurors in this picture are E. W. Lawrence, whose place is in the bottom row, and Sanford Woodbury, whose place is above.

## THROUGH WITH BAHIR.

**Former Finance of Missing Chicago Beau Brummel Doesn't Care What His Troubles Are.**

Mrs. Serena Angelotti, who was left "waiting at the church" here last week when G. W. Bahir of Chicago, said to be a real Beau Brummel, failed to arrive for their wedding, said yesterday she has lost all interest in the dabbler young man and does not care whether the story that he had been wooing a Chicago girl while he was still writing love letters to her is true.

"I am through with him," the comely widow said, "and I do not care what becomes of him. The only thing I will say relative to newspaper dispatches from Chicago is that my brother has not left San Francisco to look up Mr. Bahir."

(Continued on Second Page.)

## MISSIONS REGRETTFULLY LEFT LAST NIGHT FOR THE NORTH.

Expressions of appreciation for the manner in which they had been entertained, and for the many courtesies shown by the people of Los Angeles were voiced by all.

This morning, in Oakland, the bishops will participate in opening a three-day convention of the M. E. Board of Home Missions and Church Extension Work, which will be the fourth and last meeting of the bishops this year in California. In rapid succession, they have attended the semi-annual meeting of the executive board in San Diego, the meeting of the Freedmen's Aid and Southern Educational Society at Pasadena, and the Foreign Missions meeting here.

Yesterday's session was comparatively brief. In the morning and early part of the afternoon, business meetings were held.

(Continued on Second Page.)

## "AMERICA'S WORLD TASK."

Dr. B. S. Haywood of Washington, D. C., superintendent of Methodist hospitals of the United States, will speak at 2:30 o'clock tomorrow afternoon in the University Methodist Church, McClellin avenue and Jefferson street, on the subject of "America's World Task."

(Continued on Second Page.)

## ARRANGE DETAILS FOR LIBERTY BELL PARADE.

ALL vehicular traffic will be stopped during the progress of the Liberty Bell through the streets of the city, Monday, according to plans made public yesterday by the special committee on arrangements of the Chamber of Commerce. The committee also issued a request that as many persons as possible see the venerated relic at Exposition Park.

Arriving here from San Diego at 6 o'clock Monday morning, the gondola on which the bell is carried will be transferred to the Southern Pacific and at 8:30 o'clock will start through the city from Ninth and Tennessee streets, drawn by a Pacific Electric motor.

The route selected is Ninth to Main, Main to Los Angeles, Los Angeles to Alhambra, Alhambra to San Pedro, San Pedro to Seventh, Seventh

to Alameda, and thence over the Santa Monica air line of the Pacific Electric to Exposition Park, where the bell will be displayed until noon. Boy Scouts will act as guard of honor at Exposition Park.

Maynard McElie, chairman of the special committee on arrangements of the Chamber of Commerce, has named the following escort of honor: Clarence Blanchard, marshal; mounted police; Troop B, N.G.C.; Mayor Seabright, Chairman Prichard of the Board of Supervisors, President Bulla of the Chamber of Commerce, former Senator Cornelius Cole and Daughters of the Revolution and Sons of the Revolution. Automobiles are to be provided for the escort.

This escort of honor will precede a color guard of the Seventh Division, Naval Militia, the Pacific Electric motor pulling the gondola car with the Bell, and Spanish-American war veterans and members of the G.A.R., carrying a huge flag horizontally. The G.A.R. Drum Corps and mounted cavalry will bring up the rear.

American Can Company.

## BUYS SITE FOR PLANT TO COST HALF-MILLION.

THE industrial bureau of the Chamber of Commerce announced yesterday that negotiations have been concluded which insure the location of another great manufacturing establishment in this city. The American Can Company, which has factories in nearly all the largest cities of the United States, Canada and the Hawaiian Islands, has completed the purchase of a five-acre tract on the west side of Santa Fe avenue between Forty-eighth and Forty-ninth streets.

This property was purchased from the Factory Site Company, through its manager, W. H. Daum. C. J. Gordon, local manager of the can company, conducted negotiations for his company. The consideration involved approximately \$500,000. Trackage space has been arranged to accommodate twenty-four cars at a time and this will be served by both the Southern Pacific and Santa Fe railroads. Work

## Especially Designed for the Bungalow, Apartment or Small Drawing Room of the Modern Home

## "Isotonic"

All Kranich & Bach Grand Pianos are equipped with the exclusive and most ingenious device of modern piano construction—the Isotonic Pedal.

By the use of this pedal a tone can be diminished gradually to the softest pianissimo, and yet at the same time there is preserved the natural tone of the strings. The Isotonic Pedal is only one of many patented improvements to be found on the Kranich & Bach Grand Piano.

Before You Buy—Investigate

For fifty years Kranich & Bach Pianos have been recognized by critical musicians and musical people of both Europe and America for their beautiful tone, artistic case design, faultless finish and durability, and it will unquestionably prove to be the ideal piano for your home.

You are cordially invited to call and examine the Kranich & Bach line of Upright, Small Grand, Parlor Grand and Player-Pianos.

RECALL ELECTION SET.  
Fixed for Earliest Possible Date  
Majority Rivalry may be Fought  
Out by Balloting.  
[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
SAN BERNARDINO, Nov. 9.—The  
recall election was set tonight by the  
City Council for December 14 and on  
that date Mayor Wixom, pastor of the  
Reorganized Church of Jesus Christ,  
Latter Day Saints, will battle against  
J. W. Catlick, the man he defeated by  
500 votes last April, to retain his seat  
as the executive chief of the city.  
The recall petitions, having a cer  
tified sufficiency of signatures, were  
filed with the Council tonight and the  
election was called as early as pos  
sible.  
The Wixom administration tried to  
remove none of the names on the pe  
tition, although it had been said some  
were secured through misrepresenta  
tion.  
The petition contains 1553 certified  
names.  
FROST AT TEHACHEPI.  
[LOCAL CORRESPONDENCE.]  
TEHACHEPI, Nov. 9.—The rain  
and cloudy weather of the past few  
days cleared with a heavy frost last  
night. The leaves of the fruit trees  
are rapidly falling and pruning will  
soon be in full swing.

## Such Values as These in Broadcloth Suits Make Coulter's Popular

Every day more women are discovering that our policy of continually receiving the newest garments as they appear in New York's fashion centers, makes for authenticity of style and betterment of values in Los Angeles. These are illustrative of our ability to save our patrons money:

### Special, \$21.75, \$31.50 and \$36.50

Wonderfully fine, lustrous broadcloths in navy, brown, black, greens; handsomely trimmed with good fur on collars, and with braid at the bottoms of the coats—in loose belted models. And in styles particularly good for misses, we show semi-tailored garments in navy, serge and poplin, all \$21.75 (Garments; Second Floor)

Broadcloths fashioned with the newest long coats, fur trimmed, flaring, in navy, black or greens.  
Real bargains are growing more difficult to obtain daily in New York, but our buyer found a way to secure these (and a limited number of velvets, as well) to sell at these remarkably reasonable special prices of \$31.50, \$36.50

### For Your Thanksgiving Table—Shamrock Irish Linens

These best-in-the-world linens, sold in Los Angeles only at Coulter's, cost very little, if any, more than inferior qualities; sufficient reason, even if there were no other, for your buying liberally this week:

- "Shamrock" Brand Napkins—22x22 inches; fine linen and in a wide range of good patterns; reg. \$5. dozen.....\$3.85
- "Shamrock" Brand Linens—70-inch snow white damask; good patterns; reg. \$1.50.....\$1.30
- "Shamrock" Brand Napkins—25x25 inches; a wonderfully fine linen in beautiful designs; splendid \$7.50 napkins, dozen.....\$6.00 (Linens; Rear South Aisle)
- 72-inch snow white extra fine and heavy damask; reg. \$2. \$1.65
- "Shamrock" Brand Lunch Cloths—with matching napkins, fine double damask; many of them made on handlooms; the finest qualities produced.
- Hemstitched Lunch Napkins—15x15, reg. \$6. \$4.85; reg. \$7.50, \$6.00; reg. \$12.00, doz., \$9.00.
- Lunch Cloths—Reg. \$3.50, \$2.85; reg. \$4, \$3.25; reg. \$5, \$4.00; reg. \$6.50, \$5.00.

### Warm, Rich Patterns in Eiderdowns for Bathrobes

From now on until the week before Christmas, women will be buying quantities of these new, soft and warm eiderdowns for the bath and lounging robes they intend giving various fortunate friends.

Patterns this year are, if possible, richer and more diversified than ever; they are reversible—light and dark—and range from the small conventional designs to the big effects that many people prefer in these goods.

You will be surprised, perhaps, to learn how little enough to make a robe or two will cost, you—only, yard.....\$35c (Eiderdowns; South Aisle)

### The New Bath Robes for Men Are Now Here

For people to buy who have not the time, perhaps, or the inclination to make these garments. Here at \$3.50 to \$20.

Combination Robes—for either bath or lounging purposes, with cord edge, coat style, at \$5 and higher.

Men's Sweaters—in coat and ruff-neck styles, at very low prices.

Men's Fall Underwear—in wool and cotton, union and two-piece style; our fall and winter stocks are all here now.

Men's Half Hose—a broken line in high colors; regularly 50c and 75c, to be closed out at 35c; three pairs, \$1.

Men's Wool Drawers—a broken line in large and small sizes only; regularly \$1 and \$1.25, to be closed out at, pair 75c.

Men's Union Suits—in wool; to close at Half (Men's Furnishings; South Aisle)

### Novelty Ribbons, Special 75c

The very sorts of which we are selling most, for bags, pin cushions and all kinds of ribbon work; the striking Jacquard designs, pretty plaids and odd stripes, in widths from 4 1/2 to 9 inches; you know that such ribbons ordinarily cannot be purchased under \$1 to \$2 a yard.....75c (Ribbons; Main Floor)

### Buy Holiday Toys Now

For later delivery, if desired; because now we can offer you leisurely service, complete stocks of Dolls, Wheeled Goods, Books, Games and all the other things you expect to find in a good stock of Toys—as we cannot guarantee later. Some attractions—

- Fancy Dolls—22 1/2 ins. long; full jointed with sleeping eyes, blue or brown, and with blonde or brunette hair.....\$1.50
- \$1.75 Folding Doll Carts—ad-justable hoods; reclining backs, \$1.25.
- (Toys; Third Floor)

Cities and Towns South of Tehachepi's Top—Los Angeles County News

NEW OFFENSIVE IN SCHOOL WAR.

Opponents of the new school law have decided to fight the law on the ground that it is unconstitutional. The law was passed by the state legislature in 1913, and has since been the subject of much controversy. The opponents of the law claim that it is unconstitutional because it gives the state too much control over the local schools. They also claim that it is unconstitutional because it takes away from the local schools the right to manage their own affairs.

Long-mooted Ouster.

The school board has decided to ouster the superintendent of schools. The superintendent has been in office for several years, and has been the subject of much criticism. The school board has decided to ouster him because they feel that he is not doing his job properly. They also feel that he is not getting along with the school board.

Will be Instructed by Board of New Club.

The new club will be instructed by the board of directors. The club has been organized, and the board of directors has decided to instruct it. The club will be responsible for the management of the club's affairs. The board of directors will also be responsible for the management of the club's affairs.

San Diego.

San Diego, Nov. 9.—The validity of a \$50,000 issue of highway bonds hinges on the right of an educated Indian to vote. The returns of a special election held in the Mecca district showed the issue carried by just one ballot. Opponents of the bonding proposition hold that August A. Lomas, an Indian living on the Martinez reservation, is not a qualified elector but virtually a ward of the government, since, through an oversight, the lands of the reservation have been awarded to the Indians in severalty. On the stand today, Lomas, who was educated at the Perkins Indian school and at Haskell Institute, at Lawrence, Kan., testified he is on the great register and has voted regularly a number of years.

PLAN PLEASURE MECCA BY SEA.

SEAL BEACH MEN INTERESTED IN LARGE PROJECT. San Francisco Fair's Director of Concessions Under Contract to Manage Resort—Concessions from Exhibitors to Locals—Million Dollars to be Spent, Report.

San Francisco, Nov. 9.—Frank Burt, director of concessions and admissions at the Panama-Pacific Exposition, has signed a contract whereby he is to manage a great new amusement resort at Seal Beach, which has just incorporated. It is declared that on a tract which has two miles of ocean frontage many concessions on the zone in San Francisco and the isthmus in San Diego will be placed. The great battle of the project is now being fought. It is stated by Mr. Burt that the most elaborate amusement resort on the Pacific Coast will be opened at Seal Beach in May. A. A. Stinson, who established a city in what is now Seal Beach, and C. I. Latham, vice-president of the Bayview Land Company, have become interested in the project and will leave for San Francisco within a few days to make final arrangements for the moving of the big concessions south.

Over \$1,000,000, it is declared, will be spent in making Seal Beach a rival of Venice. With the recent incorporation election giving the residents charge of their own affairs, a large amount of capital has been forthcoming to push along the new project. The great battery of scintillations now on the water front at the northern fair has been purchased by Mr. Burt and will be placed at the end of the pier. These scintillations, playing on land and sea, are expected to attract much attention. Many of the classic fountain structures and ornamental light standards at the fair will be brought to Seal Beach. Edward Simms, the architect who designed many of the San Francisco fair buildings, has drawn up plans for a group of buildings for the new Seal Beach. With the reinforced concrete pipe interests conceding their defeat through a lack of time in getting signers, the battle between the clay and concrete pipe people ended at noon today upon the submission of two sets of petitions from property owners in the northwest section. C. B. Graybill, R. H. Jackson and C. A. Bonar, who were circulating the clay pipe petitions, said they had a large majority of the residents signed for the clay product.

Although the hearing on the concrete pipe and the general conduct of the construction of the concrete sewer was finished Saturday, the City Commissioners have not rendered their verdict. However, it is predicted the \$400,000 worth of connections to be made to the main sewer will be of clay pipe.

FREEDOM DEPENDS ON NAME.

MONTONE, Nov. 9.—If Savino Rodriguez can prove that his name is not Camillo Tapia he will not have to go back to the County Jail, where he has been for forty days. Otherwise he will. Tapia has been wanted since April by officers here, on a charge of having frightened a woman at the Green Spot by shooting a revolver in front of her. Several people say that Rodriguez is Tapia. Rodriguez was sent to the County Jail with a broken skull several weeks ago because he broke into an argument between two truck drivers here. Rodriguez started after Snyder with a knife and that gentleman picked up an expensive short-sighted broke it over the head of Rodriguez.

FISH CAST UP ON HIGH ROOF.

REDONDO BEACH, Nov. 9.—Lieut. Byron A. Minor, U.S.N., retired, who represents the Pacific Electric interests here, reported one of the strangest phenomena of the year today, when he asserted a number of small fish, including perch and sardines, had been cast up on the roof of the salt-water plunge, following explosions of dynamite used in blasting for the new municipal concrete pier. In spite of the fact that the summer press agent season is over, an investigation was made. It resulted in a complete "white-washing" for Lieut. Minor. The fish had been cast up in some mysterious manner and the blame was laid at the door of the high explosive.

THE REDONDO BEACH ROYAL REEL CLUB, it is understood, will submit a vigorous protest to the City Trustees at their next meeting.

BONDS HINGE ON INDIAN'S VOTE.

San Diego, Nov. 9.—The validity of a \$50,000 issue of highway bonds hinges on the right of an educated Indian to vote. The returns of a special election held in the Mecca district showed the issue carried by just one ballot. Opponents of the bonding proposition hold that August A. Lomas, an Indian living on the Martinez reservation, is not a qualified elector but virtually a ward of the government, since, through an oversight, the lands of the reservation have been awarded to the Indians in severalty. On the stand today, Lomas, who was educated at the Perkins Indian school and at Haskell Institute, at Lawrence, Kan., testified he is on the great register and has voted regularly a number of years.

PLAN PLEASURE MECCA BY SEA.

SEAL BEACH MEN INTERESTED IN LARGE PROJECT.

San Francisco Fair's Director of Concessions Under Contract to Manage Resort—Concessions from Exhibitors to Locals—Million Dollars to be Spent, Report.

San Francisco, Nov. 9.—Frank Burt, director of concessions and admissions at the Panama-Pacific Exposition, has signed a contract whereby he is to manage a great new amusement resort at Seal Beach, which has just incorporated. It is declared that on a tract which has two miles of ocean frontage many concessions on the zone in San Francisco and the isthmus in San Diego will be placed.

The great battle of the project is now being fought. It is stated by Mr. Burt that the most elaborate amusement resort on the Pacific Coast will be opened at Seal Beach in May. A. A. Stinson, who established a city in what is now Seal Beach, and C. I. Latham, vice-president of the Bayview Land Company, have become interested in the project and will leave for San Francisco within a few days to make final arrangements for the moving of the big concessions south.

Over \$1,000,000, it is declared, will be spent in making Seal Beach a rival of Venice. With the recent incorporation election giving the residents charge of their own affairs, a large amount of capital has been forthcoming to push along the new project. The great battery of scintillations now on the water front at the northern fair has been purchased by Mr. Burt and will be placed at the end of the pier.

These scintillations, playing on land and sea, are expected to attract much attention. Many of the classic fountain structures and ornamental light standards at the fair will be brought to Seal Beach. Edward Simms, the architect who designed many of the San Francisco fair buildings, has drawn up plans for a group of buildings for the new Seal Beach. With the reinforced concrete pipe interests conceding their defeat through a lack of time in getting signers, the battle between the clay and concrete pipe people ended at noon today upon the submission of two sets of petitions from property owners in the northwest section.

C. B. Graybill, R. H. Jackson and C. A. Bonar, who were circulating the clay pipe petitions, said they had a large majority of the residents signed for the clay product. Although the hearing on the concrete pipe and the general conduct of the construction of the concrete sewer was finished Saturday, the City Commissioners have not rendered their verdict. However, it is predicted the \$400,000 worth of connections to be made to the main sewer will be of clay pipe.

FREEDOM DEPENDS ON NAME.

MONTONE, Nov. 9.—If Savino Rodriguez can prove that his name is not Camillo Tapia he will not have to go back to the County Jail, where he has been for forty days. Otherwise he will. Tapia has been wanted since April by officers here, on a charge of having frightened a woman at the Green Spot by shooting a revolver in front of her. Several people say that Rodriguez is Tapia. Rodriguez was sent to the County Jail with a broken skull several weeks ago because he broke into an argument between two truck drivers here. Rodriguez started after Snyder with a knife and that gentleman picked up an expensive short-sighted broke it over the head of Rodriguez.

FISH CAST UP ON HIGH ROOF.

REDONDO BEACH, Nov. 9.—Lieut. Byron A. Minor, U.S.N., retired, who represents the Pacific Electric interests here, reported one of the strangest phenomena of the year today, when he asserted a number of small fish, including perch and sardines, had been cast up on the roof of the salt-water plunge, following explosions of dynamite used in blasting for the new municipal concrete pier. In spite of the fact that the summer press agent season is over, an investigation was made. It resulted in a complete "white-washing" for Lieut. Minor. The fish had been cast up in some mysterious manner and the blame was laid at the door of the high explosive.

THE REDONDO BEACH ROYAL REEL CLUB, it is understood, will submit a vigorous protest to the City Trustees at their next meeting.

TIGHTER TESTS OF EXECUTIVES.

New Qualification Rule is Advocated by Teacher.

Great Activity at Meeting of State Association.

South American Talks About Trade Relations.

San Diego, Nov. 9.—The principals and superintendents of schools should be required to qualify for these executive positions and to secure certificates for such in the same way that teachers of special branches qualify, was the idea advanced and recommended today by Miss Sara A. Dole of the Los Angeles High School, at a meeting of the Council of Education, one of the most important bodies of the California Teachers' Association, in session here. The preliminary reports of various committees were made today to the council and the full reports will be submitted to the Federal Council of the State for consideration in April, when the annual meeting of the Teachers' Association is held. Saturday the reports will be presented to the Federal Council, which will meet here, by A. H. Chamberlain, secretary of the Teachers' Association, southern section.

A survey of Southern California's vocational opportunities, with a view to best meeting the needs of the situation as suited to this locality was recommended by Edwin L. Rich, principal of the Santa Barbara State Normal School of Home Economics and Manual Arts, for the Committee on Vocational Training.

To make moral training a part of the course of study was the recommendation of the Moral Education Committee made by Miss Cora E. Lamb of Los Angeles.

OTHER REPORTS COMING.

Other committees that will report to the Federal Council are those on institutions, legislation as regards teachers and supervisors, legislation from the standpoint of finances, standardization of education from the citizens' point of view, physical activities, courses of study, codification of school laws.

W. L. Stevens, superintendent of Long Beach schools, talked on "Supervision" today and made many recommendations along this line. Prof. R. D. Hunt of the University of Southern California talked on "The Education" treating of moral training, vocational training and sociology in school work.

Meetings were held in all the large buildings of the exposition today, as well as at the exposition organ and in the ballroom of the Grant and in the high school. Prominent educators from all over the country addressed the teachers.

A large number of teachers this morning visited the Scripps Institution for Biological Research of the University of California at La Jolla. GAY TIMES.

Three banquets were held today at the Grant Hotel. The Modern Language section of the Teachers' Association held the second banquet at the Grant dining-room, following an address in the ballroom by Dr. J. Ziegner-Urburu, Commissioner of Education of the Argentine Republic, on "Commercial Relations Between North and South America."

At the banquet Constantino, the grand opera tenor, a personal friend of the speaker, sang a group of Argentine songs. Spanish dancers and troubadours entertained, also. The third of the Grant today the Public School Music Teachers' Association of Los Angeles city and county held its annual reunion. This evening the annual reunion of the Association of Detail Workers was the subject of an address by A. P. Shibley. Other subjects discussed were, "Promotion and Graduation of Pupils," by R. P. Mitchell. "Credit for Non-school."

A New Remedy for Kidney, Bladder & all Uric-Acid Troubles

Successfully Used by Many Physicians and Surgeons in Their Hospital Practice.

Dr. Weir Mitchell once said: "What we call diseases are only symptoms of conditions. Allow the man's vitality to be reduced to a certain point, and he is ripe for any of these weaknesses, or certain conditions which we call diseases." Thru failure of kidneys to act, thru congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

At Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that Doctor Pierce decided to name it "An-Uric," and arrange for its distribution to the public through medicine dealers everywhere.

If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, write Doctor Pierce, at Invalids' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and you will be under no obligation whatever. These "An-Uric" Tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them.

Obtain a 50-cent box of these tablets to-day from your druggist here in town. From personal observation in large hospital practice, Doctor Pierce knows these tablets will give you speedy help if you are suffering from uric acid trouble, and to show his sincere faith this prescription is sold under a positive guarantee to any person who has taken a full box and has not been helped.

WORM STOPS WIRE-TALK.

Gnaws Lead Covers of Cables; Seven Hundred Lines are Silenced.

POMONA, Nov. 9.—More than 700 telephones linked to the switchboard of the Home Telephone exchange in this city were put out of commission last night by a lead-eating worm.

The new pest gnaws holes in the armament of the cables and lets rain in on the hundreds of small wires which make them up. The water soaks up the paper wrappings of the wires, serves as a conductor of electricity, and short-circuits all the telephones served by the wires in the conduit.

Densens of workmen were busy today repairing the damage. They cut sections out of the lead armament, after locating the wet places, and dried out the damp clusters of wires by pouring hot paraffine wax through them.

Work. Roy B. Stover, "Exclusion of Politics from the School System," Raymond Cree, "Moral Education," Grace C. Stanley.

Mrs. Lillian Burkhardt Goldsmith of Los Angeles talked on "Some Modern Thoughts" this morning at the general session. The California Federation of Women's Clubs held a meeting in the ballroom of the Grant and the classical section of the Teachers' Association met in the high school auditorium.

At the same time the library section gave a programme in the Kern and Tulare county buildings at the exposition, while the vocational education section met in the New Mexico building, where H. M. Rebock of Santa Monica, and Dr. E. R. Snyder made addresses.

In the Sacramento building the junior college section met and in the San Joaquin building, the athletic section. The social science section held its session in the high school; the mathematics section in the National cash register exhibit at the exposition. Tomorrow, Kate Douglas Wiggin will talk at the annual luncheon of the Los Angeles Teachers' Club at the Grant.

ABOUT THE AMERICAS.

In his talk on commercial relations between the two Americas, Dr. Ziegner-Urburu said in part: "If the United States investors will reform their prejudices in regard to the social sciences, the stability of governments and climatic conditions, they will enter upon a big new field of legitimate opportunity not unlike that which they enjoyed twenty years ago in the Western States. They will also earn the gratitude of the Latin-American countries which they accommodate. For when it is again necessary for South America to borrow money, it will be unable to go to Europe for the loan."

"I would like to see the two continents grow together spiritually, also. To do this we must have a more thorough understanding of one another. It would be a good idea to have some of our educators go to South America and become instructors in universities there. And we should send some of our instructors north to your universities. In this way we could develop that understanding of each other which is now in the embryo."

BEAN CONTEST ENDS.

VENTURA, Nov. 9.—The lima-bean contest among the school children of this county, now in its second year, was completed yesterday at a meeting held at the Chamber of Commerce. The prize winners are: Bedford Brown, lima, south side of the river; Florence Ritzman, blackeyes; Lewis Thompson, lima, west side of the river. The contest was for the best showing of beans grown on a plot 10x10 feet. Bedford Brown grew eighty-two pounds, twelve ounces on his plot, or at the rate of 134 eighty-pound sacks per acre. The prize winners were given trips to the San Francisco exposition, with expenses, or the alternative in cash.

HOW TO BEAT YEGGS.

SANTA MONICA, Nov. 9.—"Let the night lights shine before your safe," is the exhortation of warning issued today by Chief of Police Randall. Such a precaution should not be overlooked, according to the Chief, on account of the frequency of safe-cracking in Southern California cities.

ADMITTS ROBBING DEPOT EMPLOYEES.

VAGRANT BUTCHER SAYS MONEY STOLEN WAS TO HELP GET HIM JOB.

SANTA BARBARA, Nov. 9.—William Martin, charged with being the masked highwayman who early last Monday morning held up E. C. Nichols, night dispatcher, and J. S. Johnson, night baggageman at the Southern Pacific Station, securing \$48, confessed today to Chief of Police Ross, Martin is 35 years old, a butcher by trade, and for the past year has wandered about the coast as a chimney sweep.

"I planned the hold-up last Wednesday when I was in Santa Barbara," said Martin, "and went to Los Angeles to buy the revolver, which I got in a store on First street. I had watched the depot clerk and knew where he put his money. I knew the men in the station wouldn't resist, so as soon as I had the drop on them I was sure I was safe."

"I had planned to go to Los Angeles and buy a suit of clothes, and when I dressed up I try to steady job in a butcher store. The man at the work-end of a gun isn't nervous except when thinking that someone might turn up at an ungarded point. I decided it had luck like that happened to me I would beat it without a fight."

Martin has for four or five years been a vagrant, and declares he has no home.

BANK AT POMONA HAS NEW CHIEF.

PRESIDENT'S RESIGNATION IS CAUSE OF A SHIFT IN OFFICIAL FORCE.

POMONA, Nov. 9.—At a meeting of the directors of the First National Bank of Pomona today, Charles E. Walker tendered his resignation as president. Charles M. Stone was elected his successor and George H. Williams, recently of Los Angeles, will take the latter's place as vice-president.

Mr. Stone has had a wide experience in banking, covering a period of more than twenty-five years, and has been prominent in banking in Oklahoma and Colorado. He will come to Pomona to make his home and with Mr. Stone will take charge of the management of the business. Mr. Walker became associated with the First National Bank about seventeen years ago, taking a position as cashier in January, 1898. He held this position until early in 1904, when he was elected vice-president. A year later he was elected president, and during the time of his presidency the institution has made large strides.

PACKING NAVEI CROP.

Tulare Citrus Men Expect to Put Out Five Thousand Cars of Golden Fruit.

PORTERVILLE, Nov. 10.—Fully ten days later than normal the pack started yesterday of the Washington navel crop. The output from the district is estimated this year at 5000 cars, of which a very large proportion will be in fancy sizes. Every car, most, will be accompanied by certificate of the Tulare County Protective Association, the fruit meets the standard established by the federal bureau of chemistry.

Officials of the Espee, who were here last evening conferring with the local packers, have arranged for the special train service to the East for handling the crop. This year the fruit is to be landed in Chicago within 160 hours, which is an improvement of several hours over the schedule of last year.

HOW TO BEAT YEGGS.

SANTA MONICA, Nov. 9.—"Let the night lights shine before your safe," is the exhortation of warning issued today by Chief of Police Randall. Such a precaution should not be overlooked, according to the Chief, on account of the frequency of safe-cracking in Southern California cities.

REMARKABLE CURES TOLD AT ADVENTIST MEETING.

LOCAL CORRESPONDENCE.] LOMA LINDA, Nov. 9.—Remarkable cures in Seventh-day Adventist sanatoriums throughout America are being effected almost daily, especially where patients are will to persevere under careful programme, and the case not finding benefit in such institutions is the rare exception, according to Dr. H. W. Miller of Washington, D.C., medical secretary of the denomination for North America. He submitted his biennial report to the national convention of the Adventists, now in session here in connection with the World Conference Council.

The day was exceptionally busy. Reports were received from W. W. Easton, secretary of the publishing department; Prof. Frederick Griggs, head of the educational department; L. A. Hansen, assistant secretary of the medical department; C. S. Longacre of the religious liberty department and H. E. Rogers, statistical secretary.

Dr. Miller said the seventeen sanatoriums operated by the denomination are caring for 35,000 patients annually. This is in spite of the fact that Adventist sanatoriums are not endowed, and are more expensive to maintain than hospitals. However, they are flourishing, and medical conventions held in North America during the past two years have had a unifying effect, he said.

Prof. Griggs reported 519 elementary schools, forty academies and six colleges, a total of 865 schools operated by the Adventists on this continent, a gain of forty-six over the previous year. The total enrollment was 16,176, an increase of 656 over the year before. The total property valuation of schools is \$1,945,899. Last year the schools increased their present worth \$94,414.95, and at the same time received \$159,490.44 in donations. Mr. Eastman said \$1,500,000 worth of Adventist literature was sold in America alone in 1914, and \$594,626 worth during the first nine months of 1915, this latter figure being for books and tracts alone. Total sales of magazines and periodicals during this time also will reach large figures, he declared.

A feature of Secretary Eastman's report was that between 160 and 180 students in the denominational schools gained scholarships last year through their missionary efforts in circulating literature.

A vast new conference, comprising all Asia, Australia and the South Sea Islands, with a combined population of 879,887,035, was effected by unanimous vote of the General or World Conference convened this morning. A nominating committee and committee on constitution will be appointed at once, and officers elected.

The plan, as outlined by A. G. Daniels, president of the world organization, is to have nine union conferences under the Asiatic division management.

The action taken this morning enlarges the present Asiatic field to include all territory in the Orient not at present included in the European division conference of the Seventh-day Adventists. Beginning at the Persian Gulf, the boundary will extend along the western border of Afghanistan, northward, including Mongolia, Manchuria, Japan, the Philippines, South Sea Islands, Australia, the East Indies and Ceylon.

CONVOCATION MEETING.

SANTA PAULA, Nov. 9.—The autumn meeting of the Santa Barbara convocation of the Episcopal Church was held here today. Delegates from Ventura and Santa Barbara counties were present. Rev. Leslie Learned, rector of All Saints Church of Pasadena, made the principal address. Rev. George F. Weld, dean of the convocation, spoke this afternoon on Sunday-school work. The delegates were entertained at luncheon at Glen Tavern at noon.

Time to Buy Blankets

One reason is because you may need them and another is because it's not likely you'll duplicate these values soon again.

White Blankets \$8.00

Nice, big white wool blankets with barely cotton enough to prevent shrinking; pink or blue borders, \$8.00 a pair.

White Blankets at \$12.50

Fine lamb's wool blankets, 80x90 inch size, with even less cotton than in the one above; silk bound, fancy borders, \$12.50 pair.

Single blankets, twin blankets, extra size double blankets of the finest grades from \$15.00 to \$37.50.

Ask to see our Special White Wool Blankets at \$5.00

Women's and Men's Umbrellas \$3.50

Values Most Unusual

Silk Gloria Umbrellas of excellent quality with detachable handles of all popular natural woods, each elaborately decorated with sterling silver. They look—and will wear—like \$5.00 umbrellas.

White Blankets \$8.00

Nice, big white wool blankets with barely cotton enough to prevent shrinking; pink or blue borders, \$8.00 a pair.

White Blankets at \$12.50

Fine lamb's wool blankets, 80x90 inch size, with even less cotton than in the one above; silk bound, fancy borders, \$12.50 pair.

Single blankets, twin blankets, extra size double blankets of the finest grades from \$15.00 to \$37.50.

## Public Service: City Hall, Courts.

## CHARGE THIRST UNLIKE CAMEL.

## EPICUREAN TASTES ARE TOO MUCH FOR CLUB.

Bonding Company Sued for Drinks, Cigars, Cigarettes, Candy and Choice Cuts of Meat, All of Which Superintendent Is Alleged to Have Taken for Himself.

Affidavits filed in the suit of the Los Angeles Athletic Club against the United States Fidelity and Guaranty Company of Baltimore, who furnished the \$5000 surety bond of Walter L. Patterson, while the latter was employed as superintendent of the club, furnish interesting details on the alleged convivial tastes of Mr. Patterson, to the financial detriment of the club. The suit was filed yesterday by Judge Wellborn, on a petition by the club, the bonding company putting in no evidence but relying on the clause in the bond requiring notice to be given of any alleged shortage and setting up that notice had not been given.

Mr. Patterson was employed by Frank A. Garbutt, vice-president of the Los Angeles Athletic Club, in 1911. He states that he received \$1000 a month without pay. Facts were reported to Mr. Garbutt April 1, 1914, that indicated that Mr. Patterson was systematically defrauding the club of cigars, cigarettes, candy and choice cuts of meat.

After receiving a report from the house detective, Mr. Garbutt made a personal investigation, and as a result of what he saw, he charged Mr. Patterson with misconduct. These charges were denied. Subsequently Mr. Patterson was discharged.

It is alleged that the club, during the time Mr. Patterson held office, was defrauded of goods valued at \$6000. The sum demanded of the Fidelity Company was \$3971.92.

The affidavits of Japanese bartenders indicated that Mr. Patterson was more than a liberal patron of the club bar. He usually consumed between five and eight drinks between 4 and 6:15 o'clock. These were highballs, differentiated as long and short drinks. During the warm weather Mr. Patterson consumed on an average of five pints of beer. He took home with him twice a week a package containing chocolates and a pint of Mums Extra Dry. He selected "two-bit" cigars.

J. C. Murphy, who did repair work at the Patterson home, made affidavit that Mr. Patterson's ice box in the basement of the house was well stocked with liquid refreshment. The list of goods alleged to have been taken from the club without payment included 4186 long whiskey highballs, 437 cocktails, 351 pints of beer, 443 gin fizzes, 254 glasses of iced water, 4683 cigars, 251 pints of whiskey, 145 quarts of whiskey, seventy-five pints of gin fizzes, 146 pints of mineral water, ninety-seven boxes of cigarettes, ninety-seven boxes of candy and 135 pints of champagne.

## MADE IN MEXICO.

When the will of Frederick E. Caton was executed, he was lying in a hospital at Artega, State of Chihuahua, Mex. It is recited in the will that he was afflicted with both legs amputated. This will was filed here for probate yesterday on the petition of Attorney Erwin W. Widney.

The will was dictated to Feliciano Choa, Judge of claims, at Artega, in the presence of three witnesses. The statement as to the amputation was written in Spanish by the judge.

The Los Angeles estate comprises about \$600 in the Farmers and Merchants National Bank. This and property elsewhere is bequeathed to Teresa C. Pereyra Vda. Caton, the widow. At the office of O'Melveny, Stevens and Millikin, the attorneys who prepared the petition, it was known of the facts regarding Mr. Caton or the manner in which he lost his legs.

## BLAMES WHISTLE.

When the motorman of a Pacific Electric car blew his whistle for the Fremont Avenue crossing, Santa Monica, January 26, last, the horses of an ice wagon driven by Earl Moore took fright and ran away, resulting in Mr. Moore receiving fatal injuries. Mrs. Sylvia Moore, his widow, brought suit, asking \$50,000 damages, alleging negligence on the part of the corporation.

The suit was tried by a jury in Judge Wilbur's court and yesterday it was continued until tomorrow for the appearance of two witnesses for Mrs. Moore to complete her case.

The action seemed to reverse the usual order of allegation, which is that the motorman neglected to toot the whistle as a warning whereas in this case he is charged with negligently blowing it. In other words, instead of giving an adequate alarm, the motorman gave the whistle all it could stand. The corporation set up that the motorman intended to blow the whistle for a crossing, in this instance the crossing being congested by the jitbus business.

## DOCTORS WIN.

CALLUS IS MISSING. Judge Taft decided yesterday the malpractice suit of Mrs. Mary Cushman against Drs. J. W. Wood and C. W. Ransom, in which she asked for \$25,195.66 damages, in favor of the defendants. Findings were ordered and the attorneys for Mrs. Cushman will take an appeal from the judgment.

Mrs. Cushman employed the defendants after she had fallen at Long Beach, April 12, last year, and sustained a fracture of her left leg. She alleged they were negligent in their treatment of the fracture and the result was a badly swollen leg, the fracture failing to knit.

The defendants, through Attorneys Newlin & Dehm, denied negligence, claiming that owing to the absence of callus, the fracture could not knit. They also stated they had advised an operation for the purpose of welding the bones but that Mrs. Cushman declined to have this done. The introduction of a photograph showing

the fracture had a great deal to do with the decision of the court.

## COMMIT DUNCAN KIN.

SENTENCE IS SUSPENDED. Claude F. Fyles, 17 years old, the half-brother of Harry Duncan, who shot and killed Police Sergeant J. F. Toolen, was made a ward of the Juvenile Court yesterday and committed to Preston. Sentence was suspended and Fyles was continued under the same bonds.

Judge Reeve read to Fyles a deposition made by him before the District Attorney and other persons, including Fyles's attorney, J. I. Fleming, in which Fyles admitted stealing an automobile, the charge on which he was arrested, and stating that Harry Duncan was with him at the time.

It was owing to this statement implicating Harry Duncan that Sergeant Toolen was shot and killed. Harry Duncan, a month hence must pass an examination as the result of his study of the ordinance. M. A. Bittlinger was fined \$5.

**SPEEDERS UP.** Two youthful speeders had their motorcycles impounded under the declaration of Judge Reeve of the Juvenile Court. Harry Rotunni and John Gray are the victims. Harry's motorcycle was impounded for three months and John's for two months.

Lawrence Rober, who pleaded guilty to violating the speed ordinance, was directed not to ride his motorcycle until further orders. On his promise to read the traffic laws, Edmund Moreno, another violator, was released.

**INS AND OUTS.** ABOUT THE COURTS. GRANTED FREEDOM. Upon motion of Deputy District Attorney Selph, C. B. Sanderson, a jitbus driver, whose machine ran down and killed Carl Elbert Erickson last May, was freed by Superior Judge Craig yesterday when the manslaughter complaint against him was dismissed. The jury in the first trial disagreed, and yesterday when Sanderson was to have gone to trial for a second time, Deputy Selph asserted that no new evidence had been gathered, and which it was reasonable to expect a conviction could be procured.

**FAILS TO APPEAR.** Apparently abusing the confidence placed in him by the District Attorney, Lorenzo Ramirez failed to appear in Judge Craig's court yesterday to answer to a charge of burglary. The Southern Pacific shops were entered by a burglar on the night of July 13, and Ramirez was arrested and charged with the crime. He pleaded incompetence and competency was granted him. The District Attorney that his family was in need of money and promised to work hard to get it if he was released on his own recognizance. A bench warrant was issued for him yesterday.

**NEW DEFENSE.** Maybelle Smith, charged with slaying Iwao Iguchi, a Japanese cook, on July 17, last, has evolved a new defense. When arrested she claimed that the Jap had a picture of hers and that she shot him when he refused to return it. The new defense is that the Japanese coerced an influence over her that was repulsive to her and she shot him to be rid of that influence. Judge Craig yesterday ordered a temporary postponement of the case, which was to have come up for trial tomorrow.

**SUES ON HOTEL DEAL.** The exchange of the Delaney ranch near Rio Hondo for the Hamilton Hotel in St. Louis, led to a suit being filed yesterday by E. J. Arthur against George C. Fetterman, who asks judgment for \$71,600, the value he places on the ranch and its equipment. He alleges the hotel was represented to be worth more than \$200,000, and that investigation shows it is worth only \$100,000 and that the deal is in fact for \$80,000. Mr. Fetterman denies the allegation.

**INCORPORATIONS.** Linthwaite-Hussey Motor Company, incorporators O. C. Linthwaite, George D. Hussey, R. A. Swift, Kate W. Swift and John T. Coyne, capital stock \$100,000, subscribed, \$50; Imperial Ranch and Cattle Company, incorporators J. J. Davis, C. Muncey and M. Freeman, capital stock \$25,000, subscribed, \$200.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts is superior to any plaster for relief of rheumatism everywhere. (Advertisement.)

## POWER BONDS SOLD AT PAR.

## COUNCIL ACCEPTS OFFERS FOR TWO SERIES.

Chase National Bank of New York Takes Another Block and St. Louis Firm Buys More than Two Million Dollars Worth of City Securities.

The City Council yesterday, as a committee of the whole, voted to sell two more blocks of 4 1/2 per cent municipal power bonds, aggregating \$2,420,000. This action will be confirmed officially by the Council today by resolution and ordinance which the City Attorney was directed to prepare.

At the same time, the Council will act on a resolution declaring the policy of the City of Los Angeles to the expenditure of the bond money. The offers for the bonds accepted by the Council yesterday were from the Chase National Bank of New York, of the 1914 power bond issue, amounting to \$750,000, and from the W. R. Hampton Company of St. Louis, which buys \$2,640,000; this being all of series B of the issue. The bonds are sold at par and accrued interest. By these sales, the Council decides to retain series C, amounting to \$2,054,000, and when necessary to sell these bonds, they will be taken up by the sinking fund and placed for sale before the Council. Councilman Conwell insisted that if the sales are confirmed today, the Council should adopt the declaration of policy outlined to the effect that in case the valuation fixed by the Railroad Commission on the Southern California Edison Company plant is not satisfactory, the city shall proceed immediately to build a new distributing system so that within a year, the municipal plant will be lighting the city and serving other customers from the aqueduct power plants.

The Treasurer's office received a telegram from City Treasurer Hance yesterday saying he has delivered the \$1,035,000 bond of bonds sold last month to the Chase National Bank.

## STRICT REGULATIONS.

FOR ALL SOCIAL CLUBS. Final draft of the new social club liquor license ordinance was tentatively approved by the Public Welfare Committee of the Council yesterday and Councilman Topham, who has been delegated by the committee to prepare the ordinance, announced that on next Monday a public hearing will be held on the subject before the ordinance is presented to the Council for passage.

Although affecting social clubs especially, the ordinance contains several amendments to the liquor license laws with reference to wineries, breweries and the transfer of saloon licenses. The social club regulations in the new ordinance place a limit of twenty-four licenses for the city, but as there are now more than thirty operating, none will be affected. The number will be reduced by granting no new licenses until by retirement from business or through revocation of licenses for misconduct, the number is reduced to twenty-four. Social clubs will be required to close their bars at 1 a.m. and no liquor may be carried out of the club. Another provision in the new ordinance prohibits the employment or presence of minors in the clubrooms where liquor is sold.

For the regulation of breweries and wineries, a manufacturer's license of \$100 will be charged as at present, and an additional wholesale liquor license under supervision of the Police Commission.

In the matter of saloon licenses, the ordinance proposes to permit the heirs or administrator of the estate to retain a license after the original holder dies so as to have an opportunity to close the estate by sale or transfer. Under the present order, a license dies with its holder.

## OFFER TO QUIT.

MAYOR SAYS, "SIT TIGHT."

The Civil Service Commission yesterday reinstated Mrs. E. M. Waddell as secretary of the Humane Animal Commission after her removal from the charges on which the commission discharged her three weeks ago. The commission sustained the action of the Humane Animal Commission in discharging Inspectors H. S. Fowler and Fred Wilson, and they ordered that Inspectors Nann and Bryant, reinstated by the Humane Animal Com-

mission, be simply restored to the eligible list for reappointment.

Following the action of the Civil Service Commission in reinstating Mrs. Waddell, members of the Humane Animal Commission called on Mayor Sebastian and offered their resignations to the Mayor.

"Mrs. Wright and Mrs. Waddell told me that if I believed the Humane Animal Commission was not performing its duties properly they were anxious to resign immediately," said Mayor Sebastian last night. "I informed them that I had no complaint to make regarding the work of the commission and I wished them to remain on the board and continue their good work. I also told them that the only criticism I had to offer was with regard to their secret sessions and that I do not approve of their action in excluding newspaper men from their meeting when charges were preferred against employees."

## WEST FIRST STREET.

TO START IMPROVEMENT.

Division of the West First Street Improvement district into two units was decided yesterday at a public hearing before the Public Works Committee of the Council and the committee decided to start proceedings at once for widening and improving that portion of the street from Rampart street to the west city limits. This part of the street will be made seventy feet wide and provision will be made for the immediate right-of-way to be condemned ground for a ten-foot sidewalk on each side. The district between Rampart street and Lake Shore avenue will be improved as a separate district. In this district there are numerous cuts and fills and the property owners west of Rampart street agreed to share the expense of this work.

The improvement will be in line with the proposed open cut project and will give an outlet from the business district to the large territory west and north of the city.

## Conference on Fares.

Chairman Roberts of the Public Utilities Committee of the Council conferred with President Lane and Engineer Howell of the Public Utilities Board yesterday to discuss the State Railroad Commission to get 5-cent fares for the Baldrastown district. It was decided that before the City Attorney Stephenson could advise members of the Council to segregate the cases to be presented to the Railroad Commission in the order of the cases, the City Attorney should bring separate proceedings on each proposition.

## ORDINANCE ORDERED.

TO INCREASE RECEIPTS.

Carrying out the suggestion of the Efficiency Commission that a new ordinance relative to the loaning of public funds be drafted, the City Council yesterday instructed the City Attorney to draft an ordinance and submit it to the Council for approval.

This ordinance will, in the opinion of Chairman Conwell of the Efficiency Commission, enable the city to realize about \$40,000 a year more interest from public funds through arrangements with the city depositories whereby funds bearing the minimum rate of interest must be withdrawn before the funds bearing a higher rate are touched.

## May Save Car Fare.

The Public Safety Committee yesterday approved a resolution calling on the Chief of the Fire Department for a list of the members of the department, with their home addresses and the stations to which they are assigned. This resolution, presented by Councilman Topham, is in line with a movement to require that, so far as possible, the firemen shall be assigned to houses near their homes.

## To Hunt Firebugs.

Patrolman James F. Bean, who has been detailed for several months to investigate the activity of the arson ring operating in Los Angeles, was granted a year's leave of absence by the Police Commission yesterday to enter the employ of the Pacific Board of Fire Underwriters. He will leave December 1 for the northern part of the State to wage war on the L.W.W. element that during the last year has destroyed more than \$2,000,000 worth of property. This band, the police say, is now working southward, and devastating fields and orchards on the way.

## Flowers for Hospitals.

George W. Foreman, a member of the City Lot Beautiful Committee, enlisted Mayor Sebastian's support for a request to the Park Department to deliver a supply of cut flowers every week to the County Hospital and the Sisters Hospital. Mr. Foreman, who is removing the palms from the sidewalks in the business district, said yesterday that a \$5 gold piece was found under the second palm removed from Broadway. Careful search of the sidewalks when the other palms were taken up revealed only four pennies.

## CITY AFFAIRS.

IN OFFICIAL LINES.

Mayor Sebastian returned yesterday from a vacation of four days spent in San Francisco and the Yosemite. At the Bay City he met Gen. J. O. Royer and after looking over some mining property in which Gen. Royer is interested, he visited the big tree country. Their proposed trip over the Owens River aqueduct district was called off on account of rain.

Complaints and protests against the Pacific Electric substation at Vermont street and Exposition boulevard and the transformer station at Sixteenth street and Burlington avenue, were referred to the Public Utilities Board. The request of the Fire Commission for an appropriation for a fire boat at the harbor, went to the Budget Committee.

The Police Commission yesterday sustained Chief Sulley in his contention that the occasional employment of patrolmen in the movie studios is not detrimental to the service. Hereafter, with the approval of the commission, Chief Sulley will maintain a booking office where the motion picture directors can get men in uniform to act in their productions and the Chief will see that the extra work does not interfere with the efficiency of the department.

Sale of a street railway franchise through Front, O'Farrell, Newport and Day streets, in the San Pedro district to the Pacific Electric Railway, was authorized by the Council yesterday. This line provides for changes in the Harbor boulevard, and the franchise provides that changes in grade must be made later when the grade of the boulevard is fixed definitely.

On recommendation of the Finance Committee yesterday the Council filed without action the petition from the Los Angeles Realty Board and the Retail Dry Goods Dealers' Association, asking that the date of delinquency for the first tax payment be postponed until February.

The Council authorized an appropriation of \$400 yesterday to the playgrounds department to provide for nine municipal Christmas trees in the nine city playgrounds. The playgrounds Commission asked for \$600 for the purpose, but members said yesterday that they will be able to make creditable showing with the amount provided. Trees are to be furnished without cost by the United States forestry department.

far as possible, the firemen shall be assigned to houses near their homes.

## MOVIE FOLK IN A TURMOIL.

## SPLIT UPON PROSECUTION OF FILM FIRM HEAD.

One Faction Wants the Charges of Fraud Pressed in Hope of Getting Salaries, While Other Side Urges President of Company be Given Another Chance.

Movie actors and actresses—a whole company of them—swooped down on City Prosecutor Williams yesterday and ranged around his desk in two factions. One side demanded instant and vigorous prosecution of William Parsons, president of the National Film Company, on a charge of fraudulent misrepresentation through failure to pay their back salaries. The other faction joined with Parsons in asking that the charge on which he was arrested Sunday be dropped until he had an opportunity to make good his promises to members of the company.

The complaint on which Parsons was arrested and later released on \$1000 worth of stock and then produced at the Los Angeles bank and returned to his preliminary hearing Friday afternoon.

From the mass of information given Prosecutor Williams yesterday, it appeared that the president of the company, whom the actors styled as "Get Rich Quick Wallingford" Parsons, organized his company and sold \$100,000 worth of stock and then produced at the Los Angeles bank and returned to his preliminary hearing Friday afternoon.

Bruce Mitchell, manager of the company, in the presence of President Parsons, called the company together and said it was a case of either paying half salaries or "blowing up." Some of the members say they were told that as soon as business picked up they would receive full pay and the lean weeks would be made up to them, while others say they never expect to see the back pay.

When Parsons returned from New York he sold \$25,000 more stock, the actors say, and then refused to make good the stock salaries. Appeals to the State Labor Commission failed, the actors say, and they rely on the present suit to get their money from the actor-promoter.

## FIRST UNDER NEW LAW.

Doctor, Traffic Accident Witness, Fined for Failing to Report It—Dr. Brougher Held Up.

Dr. F. S. Brougher, No. 1110 West Washington street, is the first person to be convicted under the new law providing all persons witnessing an accident must report it. He pleaded guilty before Police Judge Frederickson yesterday and was fined \$5.

Dr. J. Whitcomb Brougher, pastor of the Temple Baptist Church, was arrested Sunday for cutting a corner in violation of the traffic rules. He explained he did so to avoid striking against the curbing on a wet street and was permitted to go without arrest.

Eight speeders were fined \$25 each in the Police Court yesterday and thirteen cases of other traffic violations resulted in as many fines.

KANSAS

MONASTIR IS FRENCH FOR SITUATION

(BY ATLANTIC CABLE)

MILAN (via London) Nov. 10.

respondent, who has returned from Serbia-Macedonia, says the situation is already several bands of the city and extraordinary precautions among the city's Bulgarians.

Monastir, the correspondent says, is in communication with the French military authorities to send a commander refused to divide his forces.
